

HOME CARE PAGER KIT

A simple, economical and low maintenance way of creating independence for busy carers and security for those in their care.

If either of the call buttons are pushed/activated a message is sent to the pager so the carer is aware assistance is required.

The kit contains one battery operated pager and 2 call buttons. Call buttons can be wall mounted and or worn around the neck. Priced at \$85.00 it's a small price for peace of mind.

Technical specifications:

- Transmitters use 1 of A23 12 volt battery
- Pager uses 2 of AA 1.5 volt battery
- Operating frequency 433MHz
- Range adequate for most conventional home environments
- Durable ABS plastic construction
- 2 selectable alarm tones and off switch on the pager
- Green LED alarm indicator light
- Pager incorporates spring loaded belt clip
